KSENIA DOROSHEVICH PANAGIDI

Nationality: Cypriot Date of Birth: 04 May 1988

HELLO!

Born and raised in a Siberian region of Russia, I moved to Cyprus in 2003. Here, I attended English- taught school, received a BA Hons degree with the highest GPA and was honored with a Golden Medal. Additionally, I ended up in the Dean's Excellency List after I finished my Diploma program.

During the time of my studies, I have been working in an Architect company as an Interior Designer. Later on, I was employed by one of the biggest brokerage companies in Cyprus, where I managed to obtain a seniority and became a Senior Web Designer. Here I had a great experience of working in a fast-paced multicultural environment, under a high level of pressure and be able to communicate constructively with the team.

I love the creative business environment, and the opportunity I have to manage and orient the resources in order to have the optimal possible results. I am a highly communicative and punctual team- player, who always meets deadlines, loves creative challenges, and is eager to learn and have new experiences.
